The subord reports that a loan of Rs: 20,000 was made to the deceased on the security of his Inam village; that it has always been under the management of govt; that the major portion of the annual realizations of Rs: 1700 odd was being appropriated towards interest; that it will take 13 more years to adjust the outstanding balance of Rs: 13,342/- together with the current interest due on it.

As the village secured for the debt is under the management of govt., the heirs of the deceased cannot, ~~as suggested by the Collector~~, be called upon to pay off the outstanding balance at an early date. It is however open to them to redeem the village at any time they please, by paying off the balance due. May the Collr: be intimated accordingly? To,

R. S. Chandrasekhara Iyer Esq,
B.A., B.L.,
Secretary to the Government
of Mysore,
Genl: and Rev: Departments
Bangalore.

Sir,

Adverting to your letter No. Fl 111-96:
Fin: 343-05-2 dated the 7th July 1906 re- the loan
due by the late Rao B. Gopalaiengar, state
Huzur Treasury officer and Jahagirdar of
Haribarpur in the Krishnarajapet Taluk
I have the honor to state that on a refe-
rence from the Comptroller, the Jahagirdar
was asked to state whether he would be
prepared to accept the balance of loan shown
by the Comptroller as outstanding against
him. In reply the Jahagirdar requested to
be furnished with details of the Revenue
collections of his village which were com-
pletely rendered to him on the 16th Septem-
ber 1905; but no reply was received from
him while he was alive

2. The village in question, secured to
Government for the loan granted to him,
is under Government management and
the net revenues of the village are being
annually adjusted towards the loan. No
cash payments have ever been made
towards the repayment of the loan. As
the major portion of the net income of the
village had been appropriated towards the
interest

interest of the loan in previous years, there was yet a large balance of Rs:13,342-2-1 outstanding out of the principal at the close of June 1905 as per Comptroller's account.

3. Next as regards the steps to be taken for the recovery of the loan, I beg to state that the present arrangement of holding the village under Government management may be continued until the debt is fully discharged, unless, in the meantime the heirs of the deceased gentleman choose to redeem the village.

4. It may not be out of place here to mention that the annual jama bandi and collection of the village, calculated on the average for the past 10 years amount to Rs:1757 and 1750 respectively. The establishment and other charges to be met from the Revenues of the village have amounted to Rs:279/- per annum. Thus a net amount of Rs:1400/- will be annually available for adjustment towards the loan. Considering the fact that a greater portion of it will gradually go towards the reduction of the principal, in arithmetical progression the least time at which the Government loan could be repaid on the data above mentioned will be not less than 13 years.

I have the honor to be,

Sir,

Your most obedient Servant

Submits report re the decrease of Revenue of Shri Harihar pur village.

Office of the Deputy Commissioner

Dated Mysore. 15th December 1906

To.

K. S. Ekambrasekara Iyer Esqr.
Secretary to the Govt. of Mysore—
Govt & Rev: Department.

Sir,

Adverting to the correspondence ending with your letter No: 1461 dated the 14th August 1906, regarding the decrease in the Revenue of the Inam Hariharpur village of the late Rao B. Gopala Iyengar I have the honor to state as follows:—

1. The figures furnished in my letter No: 113 dated the 31st July 1906, were based upon the average calculations made for the past 10 years upon the gross revenues of the village. The accounts since received from the Amildar for the two subsequent years Viz 1904-05 and 1905-06 will further

further reduce the average collections to Rs: 1550/- only per annum.

2. Though it cannot be stated at this distance of time, as to how the net revenue of the village was pared down at Rs: 1962/- and odd, in the year 1893, yet, it may now be stated, that the figure then furnished can approximately be correct even now, in as much as the average gross annual revenue on the jamabandi of the village calculated for the past 12 years amounts to Rs: 2040/- and after meeting therefrom Rs: 280/- towards establishment and other charges, on the average, the balance available will be more or less equal to the amount reported in 1893 allowing of course, at the same time, a margin for fluctuation in the jamabandi of the village for four years from 1901 to 1905.

3. The reason for the fall in the collections

collections since the year 1897-98 came accounted for by a large amount of arrears allowed to remain uncollected. So much so that at the end of the last year, the arrears amounted to the Rs: 8174-5-5. The Amildar has not explained as to why during the years 1900-1901 and from 1902 to 1905 there was so poor a collection and how much of the arrear is re-coverable.

4. Taking all these circumstances into consideration, it may be said, that the net amount of Rs: 1400/- stated in my letter No: 113 dated the 26/31 July 1906, to be annually available for adjustment towards the loan has been carefully arrived at. But from the references since found out this balance is liable to further reduction since same amount of contribution is payable from the Inamdar towards the construction of the new Hemagiri Anicut as observed

3/-

in para 4 of Government Proceedings No. 5436-6/Mis 39-00-46 dated the 22nd December 1904. The exact amount of the contribution levied from the Inamdar is not ascertained. In the light of the terms of the above Government order, it would be a longer time than 13 years ere the village could be redeemed.

I have the honor to be
Sir,
Your most obedient Servant.
